IMPORTANT NOTES

- There are two team formations scheduled for most teams. Attendance at the first session is required. The second session will be held as needed based on numbers. The club will let players know whether they need to attend the second formation.
- Players that want to play on a team that is not their birth year need to attend their birth year team formation as well as their play-up year team formation.
- If you have any questions about which formation you should attend, please contact our Director of Coaching, Jake Smothers (jdsmothers@gmail.com).
